Dear Dealer:

We are enclosing Guarantee Claim tags and are requesting that you complete the information on this tag and attach to parts being returned for warranty replacement. Please use a separate tag for each part. Any parts returned without this tag will not be replaced until the information requested has been received. We feel that this procedure will enable you to receive better service on replacements and eliminate un-necessary correspondence.

Berliner Motor Corporation requested that we advise all dealers that any defective YCO speedometers are to be sent directly to YCO Instruments, 4475 Cass Ave., Detroit, Michigan for repair free of charge under the warranty. They are a factory branch and they are obliged to repair all YCO speedometers imported to the United States, free of charge if it is a factory defect. Otherwise, they have a nominal repair charge.

NO WARRANTY REPLACEMENTS WILL BE MADE ON SPEEDOMETERS BY ZUNDAPP SALES CO. OR BERLINER MOTOR CORPORATION.

Very truly yours,
Zundapp Sales Co.
